IEEE MICROWAVE MAGAZINE — REACHING KEY DECISION-MAKERS

IEEE Microwave Magazine continues proving its success as the ideal advertising partner to realize your business goals.

- Complement your advertising with exclusive and authoritative editorial that connects your brand with the brightest minds in your business
- Powerful “heads-up” content approach to a “heads-up” audience
- Reach key IEEE MTT-S members — major players in the development of the latest technology and engineering advances

The IEEE community.
IEEE MTT-S comprises a global community of leading innovators who explore how technology drives industry and impacts modern society and business — both today, and tomorrow.

- They develop industry standards in a wide range of technologies
- Their articles and standards are the most highly-cited in U.S. and European patents and IEEE journals
- They sponsor annual conferences and meetings worldwide including IEEE MTT-S International Microwave Symposium, the largest gathering of microwave engineers and the new IEEE MTT-S International Wireless Symposium
- They are actively looking for solutions to complex problems
- They are where innovation begins

Access this highly-engaged MTT Society member community through the most qualified magazine issued 11 times a year and monthly e-newsletter in the Microwave/RF market — IEEE Microwave Magazine and IEEE MTT-S e-Newsletter.

Reach the largest concentration of high-tech professionals in the field.*

CONTRACT REGULATIONS: All billing subject to short-rate or rebate to earned rates, depending on the frequency actually used during a 12-month period. LIABILITY: The publisher reserves the right to hold advertisers and/or their advertising agencies jointly and severally liable for money due and payable to the publisher. Publisher is not liable for delays in delivery and/or nondelivery in the event of Act of God, action by the government or quasi-government entity, fire, flood, insurrection, riot, explosion, embargo, strikes whether legal or illegal, labor or material shortage, transportation interruption of any kind, work slowdown, or any condition beyond the control of the publisher affecting production or delivery in any matter. PUBLISHER’S PROTECTION CLAUSE: The publisher reserves the right to cancel or reject any advertising at any time and to add the word “ADVERTISEMENT” at the top of any copy which in the publisher’s opinion simulates editorial matter and might be misleading to the reader. The publisher will not be bound by any conditions, printed or otherwise, appearing on order blanks or copy instructions when such conditions conflict with the regulations set forth in the rate card. Advertiser and/or agency to indemnify, defend and save harmless the publisher from any and all liability for content of advertisements printed (including text, illustrations, representations, sketches, maps, trademarks, labels or other copyrighted matter) or unauthorized use of any person’s name or photograph, arising from the publisher’s reproduction and publication of such advertisements pursuant to the advertiser’s or agency’s order.
