The IEEE Circuits and Systems Society is comprised of a global community of leading innovators who explore how technology drives industry and impacts modern society and business - both today and tomorrow.

IEEE Circuits and Systems Magazine readers are involved in the design, development and implementation of products and services for circuits, systems, and signal processing.

**Subscriber Base: 9,200+**  
**Frequency: Quarterly**

Reach the largest concentration of high-tech professionals in the field:

- **63%** Engineering and Engineering Management
- **56%** Business and Industry
- **77%** Have 10+ years in their profession

### Our Audience – Your Customers

Professionals rely on Circuits and Systems Magazine for work-related information and solutions. They are working at the companies you want to reach, including:

- Intel Corp
- Analog Devices, Inc.
- Qualcomm, Inc.
- Texas Instruments, Inc.
- Broadcom Corp
- IBM
- NXP Semiconductors
- Synopsys, Inc.
- Microchip Technology, Inc.
- Apple, Inc.

### Key Products

- Biomedical Circuits and Systems
- Circuits and Systems Engineering Programs and Courses
- Circuits and Systems Engineering Reference and Textbooks
- Communications Systems and Equipment
