Issue	Close	Materials	Editorial Features
Jun	Apr 10	Apr 15	<p>Designing Your Own Career: Oftentimes, the posted job descriptions may not coincide with our passions. This issue will showcase ways to connect your interests, skills and passions to create your own career path.</p> <p>The Art of Negotiation: One of the most valuable skills that anyone can possess is the art of negotiation. Both women in academic programs and women in industry need to know how to advocate for themselves, present their ideas and receive proper attribution for their work, while simultaneously ensuring equitable compensation.</p>
Dec	Oct 9	Oct 14	<p>The Tenure Trek: Academic institutions are changing their approach towards graduate education. In this issue, IEEE WIE Magazine takes an in-depth look at the challenges institutions are facing recruiting and retaining women and ways to mitigate the stress of moving through tenure track positions.</p>
